

# Fortem Capital Dynamic Growth Fund

## Monthly Report – 28th June 2024

UK & EU – For professional and institutional investors only  
MARKETING DOCUMENT

### Investment Objective

The Fund aims to provide positive returns of 10% pa over the medium to long term, whilst maintaining an equity market beta of < 0.4. It will invest in a core portfolio comprised of income investments, beta-driven investments, diversifiers and protection strategies. The Fund will access investments in the most efficient way possible both from a liquidity and cost perspective. The Fund will give consideration to each investment such that it is SRI compliant.

### The Fund Will

- Invest in yield accretion focused investments
- Invest in beta-driven investments
- Invest in structural risk premia – i.e. sources of return that are not dependent on equity markets or macroeconomics.
- Take advantage of opportunistic trades caused by structural distortions in derivative markets.
- Invest in low cost protection
- Employ stringent counterparty controls, limiting credit exposure to investment grade credit.
